

EXPERT TESTIMONY

The credibility of your witnesses can make or break your case. When unique expertise is required, FTI Consulting offers access to renowned and respected professionals with highly specialized knowledge—experienced and pragmatic experts who present sustainable theories to provide powerful, persuasive support for your legal argument.

SERVICE HIGHLIGHTS

- Multidisciplinary expertise across a broad range of industries and issues
- Proven methodologies for theory development
- Credentialed financial professionals spanning a spectrum of expertise, each with practical hands-on experience

Complex commercial litigation requires the insight of experienced professionals who understand the practical application of traditional and emerging financial theories. FTI Consulting provides access to a prestigious team with both in-the-field and in-the-courtroom experience in accounting, finance, economics, valuation, computer forensics and fraud investigation. Our roster includes individuals with doctorates in economics, restructuring and insolvency accountants, Certified Public Accountants, Chartered Financial Analysts, Certified Fraud Examiners, Certified Valuation Analysts, and Accredited Senior Appraisers. We routinely survive Daubert hearings to provide admissible opinions, evidence and fully vetted reports. We have testified on behalf of both plaintiffs and defendants in federal and state proceedings, before administrative agencies and in tax court.

FOCUSED EXPERTISE ACROSS A WIDE SPECTRUM OF FINANCIAL ISSUES

Our practicing professionals bring real-time, real-world experience to your case. We provide consulting services to our clients at all stages of the legal process, from pre-filing and discovery, to settlement negotiations and trial. We use proven methodologies to analyze financial records and business conduct to assist counsel in determining potential causes of action and potential recoveries, and to assist in developing and responding to interrogatories and other discovery requests. We critique opposing expert analyses, issue reports, offer financial advice in the settlement process, and assist in witness preparation.

We provide our clients access to an unparalleled diversity of financial expertise. Our professionals are credible authorities from all facets of the public and private sector who interpret financial issues from both an accounting and economic perspective. We develop and scientifically prove complex theories, and articulate the resulting concepts in a convincing manner to both judge and jury. From early case assessment to your client's "day in court," we help form and shape your case. We offer the practical, hands-on experience that can help unravel the complexities of each situation to develop a solid litigation strategy. Our unique combination of financial acuity and technical expertise brings keen insight into the financial and business aspects of a case.

FTI Consulting professionals assist in researching relevant economic, industry and market data; discovery requests and responses; the formulation of deposition questions; preparing expert opinions, affidavits and reports; and examining opposing expert opinions. During the discovery phase, we help our clients analyze key issues by finding relevant documentation and uncovering critical information. We also help gather pertinent information during interrogatories and depositions by determining areas of inquiry and by formulating the structure of key questions.
