RESOLUTION 1: Proposal for creditor approval

"That the remuneration of the Liquidators of Privium Investments Pty Ltd (In Liquidation) ACN 145 575 168, their partners and staff, for the period from 22 December 2021 to 13 March 2022 (inclusive), calculated at the hours spent at the rates detailed in the FTI Consulting Standard Rates (Corporate Finance & Restructuring Effective 1 July 2021 and Technology Effective 2021), is approved for payment in the amount of \$53,503.00 (exclusive of GST), to be drawn from available funds immediately or as funds become available."

Reasons for the proposal and the likely impact it will have on creditors if it is passed

The proposal is being put to creditors to approve remuneration as allowed under law.

The proposal if passed will minimise the cost of approving remuneration to the Liquidators, which would otherwise require a meeting of creditors or court application to be approved – which can be costly.

Remuneration of the Liquidator is to be paid in priority to other claims under the Corporations Act. This ensures that when there are sufficient funds, the Liquidator receives payment for the work done to recover assets, investigate the company's affairs, report to creditors and ASIC and distribute any available funds. Even if creditors approve my remuneration, this does not guarantee that I will be paid, as I am only paid if sufficient assets are recovered.

If sufficient assets are recovered, there may be funds available to pay a dividend to creditors, however this is affected by many variables including the value of assets and complexity of realising those assets, the level of creditor enquiries, the priority of claims (including employee claims) and the total value of creditor claims to be admitted to participate in a dividend.

There are not expected to be sufficient funds to pay a dividend to unsecured creditors.

My remuneration approval report, which has been provided with this notice provides more detailed information on the remuneration I am seeking to be approved.
