

Regulated Industries

Economic & Financial Consulting

FTI Consulting's global economic regulation experts advise governments, regulators, companies and their investors in the pursuit of regulatory outcomes that strike a balance between the promotion of efficient operations and investment incentives, competition and continued investment in assets and service quality.

WHY FTI CONSULTING

Global offering

We seamlessly combine our global resources to support you where you need us most, adapting and diversifying our team based on your needs.

Hands-on experience

Our Australian professionals have senior level government, regulator and public service experience. Our global team includes former chief economists at the SEC, EU Commission and Hong Kong Competition Commission.

Comprehensive services

Whether it's proactive risk management or responding to unexpected events, we deliver comprehensive solutions to support you right across the business cycle.

Definitive skills

From valuation experts and communication professionals to forensic technology specialists - we are unmatched in our depth and breadth of expertise.

Industry specialists

Our industry teams possess sector specific hands-on management and operational experience across a number of core industries.

Our Economic Regulation Offering

Our advisors combine exceptional technical expertise and economic rigour with extensive sector-specific knowledge, as they advise clients facing complex and fundamental changes in critical infrastructure sectors.

The economic regulation team is part of FTI Consulting's globally recognised Economic & Financial Consulting practice. Building on our renowned expert witness and competition knowledge, our specialists advise companies and regulators across a wide range of industries.

Our team is made up of a diverse mix of experts including former sector regulators, in-house regulatory economists, engineers, and highly-qualified academics who have conducted pioneering research in their fields.

Together with FTI Consulting's experienced global economic and financial consultants, contributing many years of sector-specific expertise, the economic regulation team provides unrivalled depth of academic rigour, coupled with breadth of practical experience.

The breadth and depth of our team's experience across a wide range of traditional regulated utilities means that we are also extremely well placed to advise clients in sectors that may be facing forms of economic regulation for the first time, such as the regulation of payment systems, financial services and digital technology platforms.
