# Cybersecurity

In today's increasingly connected world, all organisations face risks from cyber-related threats. Our Cybersecurity team assists organisations in both Australia and around the globe proactively defend themselves from cyberattacks and recover from real breaches when they occur.

In this team, you'll be working on:

- Cyber Readiness Assessments: Identify cybersecurity gaps and improve clients' postures.
- Incident Response: Contain, investigate and assist recovery from real attacks.
- Cyber Investigations: Assist with complex legal cases about high-profile cyber incidents.
- Capability Development: Build custom tools and advance internal expertise.
