

Infrastructure and Investment Portfolio Valuation Services

Accounting fair value standards and increased regulatory scrutiny have brought the need for greater transparency and independence and better governance to the way valuation is approached for alternative investments, such as infrastructure funds.

WHY FTI CONSULTING

Independence

We are not auditors and are free from the conflicts of interest that arise from audit relationships.

Global Valuations Practice

Our team of senior experts, based around the world in every major region, is multilingual, and is a valuable source for specialised valuation opinions, damages calculations, and expert witness testimony.

Local Expertise

Australian valuations team includes accredited business valuers, chartered accountants, CFA charter holders and MBAs with prior experience as equity analysts, bankers, corporate advisers, asset managers and auditors.

Authoritative Valuations

Informed by a disciplined and robust application of economics and finance that can withstand the highest scrutiny, and extensive experience across multiple industries and geographies.

Industry Insights

700+ global industry specialists who provide industry expertise, technical and market insights, and transaction experience.

FTI Consulting provides independent portfolio valuation services across a broad range of infrastructure assets for fund managers and superannuation funds. We offer services throughout the fund life cycle, delivering portfolio valuations quickly, economically and with the transparency and rigor to withstand scrutiny.

With a team that includes former equity analysts, asset managers and bankers, we combine hands-on financial services experience with deep technical expertise to help clients navigate the challenges of valuing illiquid, unlisted and complex securities.

Key Valuation Services

- Valuing portfolio assets for unit pricing, tax consolidation and financial reporting
- Reviewing and balancing financial models to support portfolio assets
- Structuring and valuing share incentive plans for executives and employees
- Advising on industry 'best practice' for developing and implementing valuation policies and procedures, including establishing a valuation committee to fully meet compliance requirements
- Structuring and valuing share incentive plans for executives and employees
- Preparing or reviewing calculations for management incentive pay-offs during exits and exit-triggering events

Our Infrastructure and Investment Portfolio Experience

Offshore Infrastructure and Private Equity Portfolio

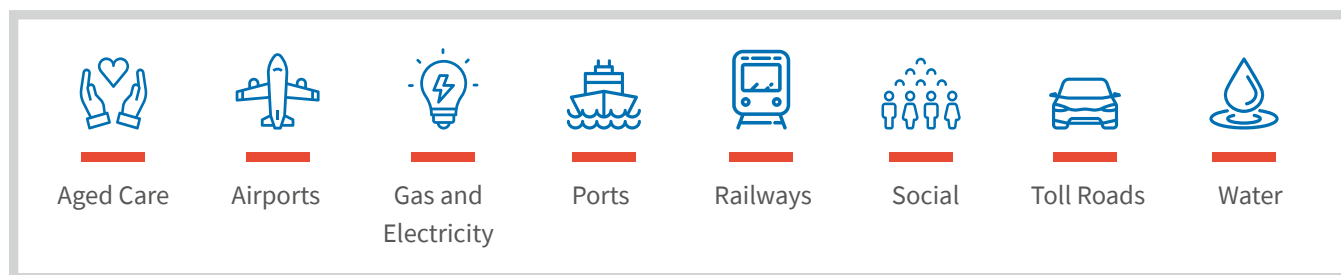

Conducting valuations of approximately 8 offshore infrastructure and private equity portfolio investments within the fund for financial reporting and impairment testing purposes.

Offshore Global Portfolio

Working with our global colleagues in the USA, UK and UAE on an annual project to review and provide feedback on over 34 third party valuations for a global portfolio of property funds, private equity and infrastructure assets.

Valuing a Broad Range of Infrastructure Assets

Our team has valued a wide range of financial products including securities, financial agreements, derivatives and structured products across various infrastructure assets, including:

Our Valuation Offering

Clients trust FTI Consulting because we provide reliable and independent valuation advice that complies with the relevant Australian and Securities Investments Commission ('ASIC') regulations, tax authority guidance, financial reporting and valuation standards and is attuned to the broader commercial context.
