1. Introduction

- 1.1 Chad Griffin and Simon Kirkhope were appointed as Joint Administrators of the Company on 7 October 2015.
- 1.2 The administration of the Company was converted to a Creditors' Voluntary Liquidation ("CVL") on 29 September 2016. Pursuant to Paragraph 83 of Schedule B1 to the Act and rule 3.60 of the Rules and in accordance with the Administrators' proposals dated 30 November 2015 ("Proposals"), Chad Griffin and Simon Kirkhope were appointed as Joint Liquidators of the Company.
- 1.3 The Liquidators act jointly and severally so that all functions may be exercised by either Liquidator.
- 1.4 Full details of the statutory information relating to the appointment are set out at Appendix A.
- 1.5 This final account is prepared pursuant to section 106 of the Act and rules 6.28 and 18.14 of the Rules for the period 29 September 2019 to 20 December 2019 ("the Period") and only covers the affairs of the Company. This report should be read alongside the annual progress report for the period ending 28 September 2019.
- 1.6 The Liquidators are bound by the Insolvency Code of Ethics. Prior to appointment, they considered potential ethical threats in undertaking the appointment in accordance with the Code. They did not consider that there were any matters that would prevent them taking the appointment. If any creditor of the Company would like further information on this, they should contact the Liquidators' office on the details set out at the end of this report.
- 1.7 No creditors committee has been formed in either the administration or CVL.

2. Conduct of the Liquidation

Background Information and Initial Actions

- 2.1 A full background to the administration appointments together with details of the steps taken to pursue a sale of all or part of the businesses and the actions taken during the wind down of trading was provided in the Administrators Proposals and Previous Reports ("the Previous Reports") provided to creditors during both the administration and liquidation. All such reports are available at <https://www.fticonsulting-emea.com/cip/climate-energy>.

Receipts and Payments During the Period

- 2.2 A full account of the receipts and payments for the Company is provided at Appendix B.
- 2.3 Receipts in the Period consisted solely of a small amount of Bank interest, £0.96.
- 2.4 Payments made during the Period include:
 - Advertising costs in relation to the distribution paid by the Company in March 2019, £106.71.
 - A small amount of bank charges applied to the Company's accounts in respect of the costs incurred in servicing the accounts, £6.35.
 - Liquidators' fees totalling £22,498.95 plus VAT.

Asset Realisations

2.5 Asset realisations to date have been discussed in previous reports. No further asset realisations are expected with regards to the Company.

Other Group Entities

2.6 The Administrators were also appointed over Services on 7 October 2015, CEL on 9 October 2015 and Consulting on 6 November 2015. The administrations were converted to CVLs on 29 September 2016 in respect of CEL and Consulting with Services converting on 30 September 2016. Whilst previous progress reports have covered the Companies, this report only covers the affairs of the Company and does not deal with CEL, Consulting and Services.

2.2 As disclosed in previous reports, Chad Griffin and Simon Kirkhope were also appointed as Administrators of CEN and Solutions on 19 October 2015 and 7 October 2015 respectively. This report does not cover the affairs of CEN or Solutions as both companies were dissolved.

2.7 Two further group companies, Climate Energy Holdings Limited and Climate Energy Homes Limited, are in liquidation and administration respectively. Separate liquidators and administrators have been appointed in respect of these two companies.

Intercompany Balances

2.8 There were several intercompany balances across the Companies. These were treated as unsecured claims in the relevant insolvency estate(s). CEL and Consulting submitted claims against the Company of £104,639.00 and £130,713.61 respectively. The Company submitted claims against Services of £3,439,563.90.

2.9 As the claims could not be directly offset, each of the Companies received funds from distributions from one or more of the other Companies. The Company distributed £2,000.75 to Consulting and £1,571.03 to CEL, and received a distribution of £79,488.06 from its claim against Services.

2.10 Following receipt of correspondence from Essex Police we became aware that it is possible that CEL could receive additional funds. Although the likelihood of recoveries from this source to CEL are uncertain at this stage, we have assessed that in the event the Company received a small intercompany distribution as would be anticipated, the costs associated in paying a further dividend would exceed any likely realisations. Accordingly, we are not aware of any further realisations that would provide any benefit to creditors.

Taxation

2.11 The relevant corporation tax and VAT returns for the administration and liquidation periods have been submitted. HMRC were written to and asked to provide their final claims in respect of the Company. After the adjudication process, HMRC's claim was admitted and a distribution was made to them. No matters remain outstanding with HMRC so the decision has been taken to conclude the liquidation.

2.12 On 30 September 2018 we cancelled the Company's VAT registration. Subsequently, a VAT427 form was submitted in relation to input tax incurred after de-registration, the VAT recoverable has been received and utilised to meet the costs of the Liquidation. No matters remain outstanding with HMRC, so the decision has been taken to conclude the liquidation.

Statutory Investigations

2.13 During the administrations we undertook investigation work in accordance with SIP2, including a review of the books and records of the Company, to understand the realisable assets of the Company which we then compared to the

values in the directors' statement of affairs. Having undertaken our investigations we found no matters that required further investigation.

- 2.14 The data gathered from our investigations assisted with our statutory duties, pursuant to the Company Directors Disqualification Act 1986, to review the conduct of all directors who served in respect of the Company in the 3-year period prior to the date of the administration. We concluded our review and submitted final returns to the Department for Business, Energy and Industrial Strategy during the administration. The content of our report in relation to this is confidential. As the liquidation appointment date pre-dated the Rules, which changed with effect from 6 April 2017, there was no requirement to also report on the Directors conduct in the liquidation.
- 2.15 We have not become aware of any further relevant information during the liquidation of the Company and therefore further reports to the Department for Business, Energy and Industrial Strategy have not been required.

3. Liquidators' Remuneration

- 3.1 At the initial meeting of creditors held by correspondence on 16 December 2015, the Administrators' remuneration was fixed by reference to the time properly given by the Administrators and their staff. Details of the rules in relation to Administrators' / Liquidators' remuneration, together with details of the Administrators' / Liquidators' time costs to date and the Liquidators' revised fee estimates are set out in Appendix C.
- 3.2 Following the Administration, and with consideration given to the additional works required, a revised fee estimate of £22,500 was proposed at a creditors meeting held by correspondence on 17 November 2016. The revised fee estimate was approved by creditors of the Company. Since the Previous Report, remuneration totalling £22,498.95 plus VAT has been drawn. This amount included £332.30 which was set aside to pay expenses. The amount paid is within the fee estimate provided and no further remuneration is requested.
- 3.3 A creditors' guide to liquidators' fees setting out creditors' rights to further information and how fees are approved can be found at:
- <http://www.fticonsulting-emea.com/~media/Files/emea--files/creditors-portal/cip-emea-forms-info/guide-to-liquidators-fees-6-april-2017-england-wales.pdf>
- 3.4 If creditors wish to be supplied with a hard copy of this guidance they should contact a member of the Liquidators' staff using the details set out at the end of this report.
- 3.5 Additional information in relation to the Administrators'/Liquidators' staffing policies can be found in Appendix E.

Creditors' Right to Challenge Remuneration and/or Expenses

- 3.6 In accordance with Rules 18.36 or 18.37, any secured creditor or unsecured creditor with the support of at least 10% in value of the unsecured creditors of the relevant entity or with leave of the Court, may apply to the Court for one or more orders, challenging the amount or the basis of the remuneration which the Liquidators are entitled to charge or otherwise challenging some or all of the expenses incurred.
- 3.7 Such applications must be made within eight weeks of receipt by the applicant(s) of the report detailing the remuneration and/or expenses in question.

Creditors' Right to Request Information

- 3.8 Any secured creditor or, unsecured creditor with the support of at least 5% in value of the unsecured creditors of the relevant entity or, with leave of the Court, may, in writing, request the Liquidators of the Company to provide additional information regarding remuneration or expenses to that already supplied with this document. Such requests must be made within 21 days of receipt of this report, in accordance with rule 18.9 of the Rules.

4. Summary of Creditor Returns

Secured Creditors

4.1 As previously reported, the Secured Creditor was repaid in full from fixed asset realisations in the CEL administration.

Preferential Creditors

4.2 There were no preferential claims made against the Company.

Unsecured Creditors

4.3 Unsecured creditors rank behind both secured and preferential creditors. In this case the prescribed part is not applicable.

4.4 The Liquidators of the Company issued a notice to all of the Company's known unsecured creditors to submit claims. This was published in the London Gazette and the Times on 11 October 2016.

4.5 Pursuant to rule 14.29 of the Rules the Liquidators issued a Notice of Intended Dividend ("Notice") to all creditors on 19 December 2018. Given the lapse in time from October 2016, creditors who had not yet proved their debts were given notice that the last date for proving was the 25 January 2019. If the Company's unsecured creditors failed to prove their debts by this date, their claims would not be considered for dividend purposes.

4.6 On 22 March 2019, pursuant to rule 14.35 of the Rules, notice was given by the Liquidators to the non-preferential unsecured creditors of the Company that they declared a dividend of 1.53p in the £. The total amount distributed was £59,407.29.

4.7 Following payment of the 22 March 2019 dividend, the Liquidators are unable to declare any further dividends as the funds realised have already been distributed or used or allocated for paying the expenses of the insolvency proceedings.

5. Final Account

5.1 The Company's affairs are now fully wound up and the Joint Liquidators are seeking their release as Liquidators.

5.2 A Notice of Final Account is set out in Appendix F. The notice sets out creditors' rights to request information, challenge remuneration and/ or expenses, and how to object to the Liquidators' release.

5.3 Creditors should note that provided no objections to their release are received, Chad Griffin and Simon Kirkhope shall obtain their release as Liquidators following the delivery of the final notice to the Registrar of Companies, following which case files will be placed into storage.

5.4 It is anticipated that this report will be the final communication to creditors.

5.5 Should you have any queries regarding the final account, the conduct of the Liquidators, or would like to request hard copies of any of the guidance referred to in this report, please contact a member of the Liquidators' staff before the Liquidators obtain their release at climateenergy@fticonsulting.com, by telephone on 020 3727 1019, or in writing to FTI Consulting LLP, 200 Aldersgate Street, London EC1A 4HD (FAO of the Liquidators of Climate Energy (NFP) Limited).

All fees and out of pocket expenses incurred to date are detailed in Appendix D.

Category 1 expenses are not subject to creditor approval. Approval to draw Category 2 disbursements was given at initial meetings of creditors held by correspondence on 16 December 2015 and relate to costs which are apportioned overheads such as mileage and data storage. Further details in relation to this can be found at Appendix E together with additional information in relation to our policy on staffing, the use of subcontractors, and details of our current charge out rates by staff grade.

Appendix E – Additional Information in Relation to Liquidators' Fees Pursuant to SIP9

Detailed below is FTI's policy in relation to:

- staff allocation and the use of sub-contractors;
- professional advisors; and
- disbursements.

Staff Allocation and the Use of Subcontractors

Our general approach to resourcing our assignments is to allocate staff with the skills and experience to meet the specific requirements of the case.

The constitution of the case team will draw from a Senior Managing Director, Managing Director, Director, Senior Consultant, Consultant and Associate. The exact constitution of the case team will depend on the anticipated size and complexity of the assignment. All time incurred by the Administrators/Liquidators and their staff is recorded in six-minute increments.

Professional Advisors

No fees were paid to professional advisors during the liquidation of the Company.

We have utilised the services of other teams within FTI Consulting LLP to assist with the administration processes. The fees of our tax, technology and strategic communications teams have been included in our SIP9 analysis provided to creditors of the Company and allocated to the work streams and entities to which their work related, for approval by those parties approving our fees.

We consider that the rates chargeable for these services are in line with general market practice and that the service is comparable to similar firms of professional advisors. In addition, by working closely with our internal teams, we believe a more coordinated and cost-effective approach to work streams has been possible.

Disbursements

Category 1 disbursements do not require approval by creditors. The type of disbursements that may be charged as a Category 1 disbursement to a case generally comprise of external supplies of incidental services specifically identifiable to the case, such as postage, case advertising, invoiced travel and external printing, room hire and document storage. Also, any properly reimbursed expenses incurred by personnel in connection with the case will be chargeable.

Category 2 disbursements do require approval from creditors which was given at the initial meetings of creditors held by correspondence on 16 December 2015. These disbursements can include costs incurred which relate to payments due to associated companies for the provision of services to the office holder.

No Category 2 expenses have been billed from the Company.
